HEMACHANDRAN K

SOFTWARE DEVELOPER

9566610303 hemachandran.kumar05@gmail.com

Professional Summary

Entry-Level .NET Developer with hands-on experience in C#, ASP.NET Core MVC, ASP.NET Core Web API, Entity Framework Core, and SQL Server. Skilled in developing RESTful APIs, implementing CRUD operations, integrating relational databases, and building authenticated web applications using JWT and ASP.NET Core Identity. Familiar with LINQ, object-oriented programming, MVC architecture, React.js, and API testing using Swagger and Postman. Demonstrates problem-solving, debugging, and application development skills through full-stack project development. Seeking an opportunity to contribute to software development projects and grow as a .NET Developer.

Technical Skills

Programming Languages: C#, JavaScript, Python, SQL

.NET Technologies: .NET, ASP.NET Core MVC, ASP.NET Core Web API, Entity Framework Core

Web Technologies: HTML5, CSS3, React.js, Tailwind CSS, jQuery

Databases: Microsoft SQL Server, MySQL, Relational Database Design, SQL Queries, Stored Procedures

API Development & Security: RESTful APIs, CRUD Operations, JWT Authentication, Authorization, API Integration

Core Concepts: Object-Oriented Programming (OOP), MVC Architecture, LINQ, SOLID Principles, SDLC, Exception Handling

Development Tools: Visual Studio, Visual Studio Code, Git, GitHub, Postman, Swagger UI, SQL Server Management Studio (SSMS)

Projects

JobTrackr - Job Application Management System | *C#, ASP.NET Core Web API, EF Core, SQL Server, ReactJs*

- Developed a full-stack job application management system to organize job applications, monitor recruitment progress, and track application statuses through a centralized dashboard.
- Designed and implemented RESTful APIs using ASP.NET Core Web API and C# to perform CRUD operations and manage job application records.
- Integrated Entity Framework Core with SQL Server to implement data persistence, relational entity mapping, foreign key relationships, and database migrations.
- Implemented ASP.NET Core Identity and JWT-based authentication, including user registration, login, email OTP verification, and user-specific application access.
- Integrated backend API endpoints with a React.js frontend to support application management, status filtering, dashboard statistics, and profile management.
- Tested API endpoints using Swagger UI and Postman to validate request processing, API responses, and application workflows.
- Developed a responsive user interface using React.js and Tailwind CSS, incorporating application tracking, data filtering, and user account management features.

Professional Experience

Miramed Ajuba **August 2022 – April 2024**
AR Analyst - Medical Billing — Ambulance Claims *Chennai, Tamil Nadu*

- Managed accounts receivable operations for ambulance claims, performing claim follow-ups, status verification, payer communication, and outstanding balance tracking.
- Investigated claim denials and rejections, identified root causes, and analyzed billing discrepancies, missing information, and payer-specific issues.

Education

A.M. Jain College **2022**
Bachelor of Commerce in Computer Application — CGPA: 7.4 *Chennai, Tamil Nadu*

Chanakya Matriculation Higher Secondary School **2019**
Higher Secondary Certificate (HSC) — 69% *Tindivanam, Tamil Nadu*

Sri Saraswathy Vikas School **2017**
Secondary School Leaving Certificate (SSLC) — 76% *Tiruvannamalai, Tamil Nadu*
